Sir:

Listed on accompanying Form PTO/SB/08A are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. This Seventh Supplemental Information Disclosure Statement begins a new numbering system from Applicants' Sixth Supplemental Information Disclosure Statement filed on August 23, 2006, in connection with the above-captioned application.

In accordance with 37 C.F.R. § 1.98(a)(2), copies of U.S. patents and published applications, documents **US1** to **US8** cited on the attached Form PTO/SB/08A, are not submitted.

The Examiner's attention is directed to the following co-pending U.S. Patent Applications, which are directed to related technical subject matter:

Application No. 10/277,161, inventors Zauderer *et al.*, filed October 22, 2002, published as US 2003/0194696 A1, cited herein as document **US5**;

Application No. 10/901,415, inventors Zauderer *et al.*, filed July 29, 2004, published as US 2004/0265900 A1, cited herein as document **US6**;

Application No. 11/024,251, inventors Zauderer and Paris, filed December 29, 2004, published on December 1, 2005, as US 2005/0266425 A1, cited herein as document **US7**; and

Application No. 11/389,111, inventors Zauderer *et al.*, filed March 27, 2006, published as US 2006/0160129 A1, cited herein as document **US8**.

The identification of these U.S. Patent Applications is not to be construed as a waiver of secrecy as to this application now or upon issuance of the present application as a patent. The Examiner is respectfully requested to consider the cited co-pending applications and the art cited therein during examination.

The Examiner's attention is also directed to the following previously cited co-pending U.S. Patent Applications that have issued as U.S. Patents, and which are directed to related technical subject matter:

Application No. 09/822,250, inventor Zauderer, filed April 2, 2001, which was previously cited as document **AR21** in the IDS filed on August 8, 2002, and is now patented as 6,706,477 B2, cited herein as document **US1**;

Application No. 10/034,350, inventor Zauderer, filed January 3, 2002, which was previously cited as document **AT21** in the IDS filed on August 8, 2002, and is now patented as 6,800,442 B2, cited herein as document **US2**; and

Application No. 08/935,377, inventor Zauderer, filed September 22, 1997, which was previously cited as document **AR20** in the IDS filed on August 8, 2002, and is now patented as 6,872,518 B2, cited herein as document **US3**;

Application No. 09/818,991, inventor Zauderer, filed March 28, 2001, which was previously cited as document **AT20** in the IDS filed on August 8, 2002, and is now patented as 7,067,251 B2, cited herein as document **US4**.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached IDS Forms based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may

not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith.

This Information Disclosure Statement is being filed before the mailing date of a first Office action after the filing of a Request for Continued Examination under 37 C.F.R. § 1.114. No statement or fee is required. 37 C.F.R. § 1.97(b).

It is respectfully requested that the Examiner initial and return copies of the enclosed IDS Forms, and indicate in the official file wrapper of this patent application that the documents have been considered.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
